

The Australian Motor Racing Series

Welcome to the 2019 AMRS Series

The AMRS is backed by the one of the largest investors in Australian Motorsport, an organisation that owns two iconic race circuits and understands that there are new and existing categories that need a place to race. The Benalla Auto Club has a wealth of experience in circuit operation as custodians of Winton Motor Raceway and Wakefield Park: “Events are our core business, racers created us, it’s what we do best”.

Our objective is simple: Cost-effective racing, streamlined entry and event processes, and maximised track time are the key objectives of the AMRS.

Financially the 2018 series wasn’t successful, however the Benalla Auto Club is committed to AMRS becoming a long term viable series.

Live Streaming and highlights packages are not only a significant cost to the series, but a vital ingredient for growing the profile of the categories competing at AMRS.

For 2019 we have Six rounds across Five venues, from March through to November.
